Video Surveillance

In order to contain and/or reduce vandalism to our facilities and to assist in the maintenance of a safe and secure environment for our staff and students and the general public, the Board approves of the use of video cameras on school property.

The Board, after having carefully weighed and balanced the rights of privacy of students and staff with the district's duty to ensure discipline, health, welfare and safety of staff and students on school transportation vehicles, supports the use of video cameras on its campuses, parking lots and school grounds.

Video cameras may be used to monitor student behavior and safety on school grounds, while transporting students to and from curricular and extracurricular activities or while visiting district facilities.

Such equipment may also be used to monitor the district employees in the fulfillment of their duties on school grounds and on school transportation vehicles to and from curricular and extracurricular activities, or other areas as designated by the district to ensure safety.

Students in violation of district conduct rules shall be subject to disciplinary action in accordance with established Board policy and administrative regulations governing student conduct and discipline.

Staff shall be subject to established Board personnel policies, administrative regulations and labor agreements including provisions related to evaluation, discipline and dismissal.

Video recordings, depending on how they are used in student disciplinary proceedings, may become a part of a student's education record. In such cases, the district shall comply with all applicable state and federal laws related to education records. Such records will also be subject to established district procedures regarding education records including access, review and release of such records.

The superintendent shall develop procedures for the notification of staff, students, parents and others as necessary of the use of video cameras on school property and such other procedures as may be required for the implementation of this policy.
