Selection of Architect

The Board will employ a licensed architect to design the plans for each proposed building, addition or extensive renovation.

In selecting an architect, the following criteria shall include, but not be limited to:

1. Experience in school construction;
2. Evidence of relevant experience in special situations, such as facilities for persons with disabilities;
3. Creative design ability;
4. Technical knowledge to control the design so the best results are obtained for the smallest amount of money;
5. Executive and business ability to oversee the proper performance of contracts;
6. Proven ability and temperament to work cooperatively with others;
7. Willingness to consult with staff on educational specifications;
8. Extent and experience of architectural staff in relation to the scope of the planned project.

The architect will be selected by the district on the basis of the above criteria and will be employed under special services agreement.
