

Springfield School District 19

Code: **GBEBC/JHCCC/EBBAA**
Adopted: 5/08/95
Readopted: 4/23/07
Orig. Code(s): EBBAA/GBEBAA/JHCCC

Infection Control - HIV, AIDS, HBV

All district staff members shall respond to spilled body fluids as though the fluids are infected with HIV+, AIDS, or Hepatitis B in order to minimize the risk of infection from any such fluids.

The district shall develop infection control procedures for staff, students, and visitors to be used in the event of body fluid spills. Procedures shall include annual in-services. Body fluid spill clean-up kits in each school room and each school vehicle and correct procedures for cleaning up body fluid spills and for personal clean-up will be provided. Replenishment of clean-up kits, after each use, shall be the responsibility of each manager.
