Early Return to Work

It is the policy of the Board to return disabled workers to employment at the earliest date possible after an occupational injury or illness. This program will apply to all workers and will be followed whenever appropriate.

The superintendent or designee will develop procedures for this program to assist workers who are not medically stationary, but who are in the process of recovering from an occupational injury or illness and who have temporary restrictions in their physical activities. This program is not intended to cover a worker who has been determined to be medically stationary and is seeking reinstatement.
