2. A nationally standardized mental ability test for assistance in identifying intellectually gifted students;
3. A nationally standardized academic achievement test for assistance in identifying academically talented students; and
4. A review of the student's portfolio or work history.

Identified students shall score at or above the 97th percentile on one of these tests. Other students who demonstrate the potential to perform at the eligibility criteria may be identified.

The district shall establish an appeals procedure for parents who are dissatisfied with the results of the identification process of their student for inclusion in the district program for talented and gifted students. Such an appeal will be considered a request for reconsideration.
