Promotion and Retention of Students**

The Board is dedicated to total and continuous development of each student enrolled. The professional staff is expected to place students at the grade level best suited to them academically, socially, and emotionally.

Students will normally progress annually from grade to grade. Exceptions may be made when, in the judgment of the professional staff, such exceptions are in the best educational interest of the students involved. Exceptions will be made after prior notification and explanation to the student's parents/guardians, but the final decision will rest with school authorities.

The superintendent and/or designee will develop guidelines for the implementation of this policy.
