Early Graduation**

A student who, for educational and vocational reasons, wishes to graduate from high school in less time than the ordinary grade 9-12 sequence may request permission to complete graduation requirements on an altered schedule. The student and his or her parents or guardians will consult with high school guidance personnel to develop a graduation plan. Their intention to accomplish this plan will be stated in writing to the superintendent or designee.

Students who have successfully completed the junior year with fewer than the required credits for graduation and are subsequently accepted at accredited colleges may receive their high school diplomas if, at the completion of the first semester, they are in good scholastic standing at the college.
