First Aid**

In case of sudden illness or injury to a student or a member of the staff, first aid will be given by school staff. Further medical attention to students is the responsibility of parents or guardian, or of someone the parents or guardian designate in case of emergency.

Each principal is charged with providing for the immediate care of ill or injured persons within his/her area of responsibility.

Staff members shall report self-administered first-aid treatment to an immediate supervisor. In each school, procedures for handling health emergencies will be established and made known to the staff. Each school and school vehicle and each school extracurricular activity will be equipped with appropriate first-aid equipment.

All employees are expected to know where first-aid supplies are kept in their work areas. Designated employees shall hold current first-aid cards. In compliance with Oregon Administrative Rules, each school shall have, at a minimum, at least one staff member with a current first-aid card for every 60 students enrolled or an emergency response team per building. Such team shall consist of no less than six persons who hold current first-aid/CPR cards and who are trained annually in the district and building emergency plans. Names of those individuals holding current first aid cards will be posted in each building.
