Orig. Code(s): EE

Management of Transportation Services

The Board authorizes the district's contracted transportation service route supervisor to develop plans and procedures necessary for appropriate routing and scheduling of buses, subject to approval of the business manager.

The business manager, in consultation with the transportation contractor and route supervisor, will maintain records and make reports required by state and federal laws and regulations.

The business manager and transportation contractor will develop and maintain a school bus safety program.

The business manager will report to the Board, at least annually, on the condition of the district's contracted transportation services, and other reports as the Board may request.
