Code: **BF**
Adopted: 9/23/96
Readopted: 12/11/13
Orig. Code(s): BF/BFA

Policy Development

The district will be governed by a set of written policies. In order to operate the district effectively, efficiently and consistently, written Board policies will be developed and periodically revised as needed. Policy will be broad principles that define the desire and intent of the Board and will be based on the needs of the district.

Policy Development

The basic responsibility for initiating, reviewing and recommending new policies or policy modification will rest with the superintendent; however, new policies or changes in existing policy may be proposed by any Board member, group or organization, staff member, student or resident of the district. The superintendent, in developing these policies, may be guided by the recommendations of the staff and may seek community input during the preparation and subsequent review of policy statements. Advice from legal counsel may be appropriate.

It is the policy of the Board that a policy, rule or regulation should be adopted only when it appears essential in the control and administration of the school program.
