**High School Classes/Courses for Eighth Grade Students**

The district encourages students to perform at the highest level possible in their course work. Recognizing that some upper level elementary school age students are able to master existing high school curriculum, it is the policy of the district to allow grade school students, who are qualified, to take designated high school classes/courses. High school credit will be granted, if students taking pre-grade 9 courses are required to meet performance criteria that are equivalent to the performance criteria for students taking the same high school class.

The district will allow the granting of such credit to be used to reduce the units of credit to be completed in grades 9 through 12 for high school graduation.

END OF POLICY
