President's Consulting Activities

The Board in consultation with the President shall determine any development or consulting opportunities. The Board expects the President to devote full attention and energy to the concerns of the College. The President may not be engaged in any other employment nor in long-term consulting assignments, unless TVCC related. The Board, however, recognizes the President's obligation to contribute to the profession of College administration and to the field of public education in general. This policy, therefore, does not prohibit the President from undertaking occasional consulting work that does not conflict with obligations to the College. Any consulting work that directly benefits or involves TVCC that requires the President's absence for three or more consecutive working days must have prior approval of the Board chairperson.
