## Testing Fees

### Charge for COMPASS Fees

COMPASS provides students with placement recommendations or mandates in reading, writing, and math. The cost of COMPASS is normally covered in the TVCC College universal fee, with the following exceptions:

1. A \$10 fee will be charged each time COMPASS is repeated;
2. A \$25 fee will be charged to students who are affiliated with another higher education institution and have no intention of attending TVCC. This fee may be applied to tuition costs in the event the student enrolls at TVCC.

### Other Agencies

The TVCC Testing Center administers licensure and certification examinations required by outside agencies. These examinations will be charged a minimum fee of \$10. Examinations that require multiple administrations will be charged a minimum of \$10 per administration. This fee will apply to licensure/certification examinations that are also required for a TVCC course.

A fee of more than \$10 maybe required by the outside certifying agency. The examinee is responsible for the additional costs. All licensure and certification examinations held on campus should be scheduled through the Testing Center.
