Early Aid Advance Application

Treasure Valley Community College disburses financial aid to student accounts on the third Tuesday of each term. For some students the amount of financial aid disbursed exceeds the amount owed to the College for tuition, fees, etc., resulting in “excess funds” being available to the student. If a student expects to have excess funds available to them for disbursement on the third Tuesday of the term, they can request a one-time disbursement of up to \$500.00 to be provided to them via the College Early Aid Advance application process maintained in the College business office. Any approved advance amount will be reduced from the excess funds available after the third Tuesday of the term. This advance is made interest free if all Early Aid Advance terms are met. To apply for an Early aid Advance, please complete the following information and submit your request to the Student Services Center (applications may take up to three working days to process for payment).

Each student may request only one Early Aid Advance per quarter. Early Aid Advances are disbursed twice each quarter, once on the first Monday of the first week of the quarter and once on the first Monday of the second week of the quarter. Early Aid Advance applications must be submitted by the Friday before the Monday disbursement in order to be included in the following Monday disbursement. Incomplete applications or applications not received by the deadline will not be processed. Early Aid Advance checks will be available to students after 3:00 p.m. on the Monday of disbursement.
