Student Teachers

The Board encourages and authorizes the superintendent to arrange for the supervision and training of a reasonable number of student teachers in the district each year.

Teachers new to the district and those having three years or less of teaching experience normally will not be asked to undertake such responsibilities.

The teacher training institution will be expected to provide liaison personnel who will discuss with the building principal and with the teacher to whom the student is assigned the broad objectives which the institution believes should be sought for the student. Such personnel are free to visit the classrooms to observe the practice teacher at work.

Student teachers and interns will be permitted to instruct classes for a portion or an entire school day, but should not be used as substitutes.

The compensation received by the district from the teacher training institution will be shared with the cooperating teacher on a 75 percent - 25 percent basis, with the larger amount going to the teacher.
