Community Relations

The district values a good working relationship between itself, its constituents and employees and the newspapers, radio and television stations.

Since district business is public business, Board meetings will be open meetings except for executive sessions.

The superintendent shall see that the community, including the news media, is informed of school programs, needs, developments and related matters.

A copy of the agenda for each meeting of the Board will be sent to the news media in the area prior to the meeting. If interpretation as well as announcement of an agenda item is required, the superintendent shall release such information about it as is proper, prior to the meeting.
