District includes district facilities, district premises and non-district property if the employee is at any district-sponsored, district approved or district-related activity or function, such as field trips or athletic events where students are under the control of the district or where the employee is engaged in district business.

Sexual harassment includes, but is not limited to, racial, religious, national origin, age, parental or marital status, disability and sexual harassment.

Sexual Harassment

The Board is committed to the elimination of sexual harassment in district schools and activities. Sexual harassment is strictly prohibited and shall not be tolerated. This includes sexual harassment of students or staff by other students, staff, Board members or third parties. "Third parties" include, but are not limited to, school volunteers, parents, school visitors, service contractors or others engaged in district business, such as employees of businesses or organizations participating in cooperative work programs with the district and others not directly subject to district control at inter-district and intra-district athletic competitions or other school events. "District" includes district facilities, district premises and non-district property if the student or employee is at any district-sponsored, district-approved or district-related activity or function, such as field trips or athletic events where students are under the control of the district or where the employee is engaged in district business.

Sexual harassment of students and staff shall include, but is not limited to, unwelcome sexual advances, requests for sexual favors and other verbal, nonverbal or physical conduct of a sexual nature when:

1. The conduct or communication has the purpose or effect of demanding sexual favors in exchange for benefits;
2. Submission to or rejection of the conduct or communication is used as the basis for educational decisions affecting a student or employment or assignment of staff;
3. The conduct or communication is so severe, persistent or pervasive that it has the purpose or effect of unreasonably interfering with a student's educational performance or with an employee's ability to perform his/her job; or creates an intimidating, offensive or hostile educational or working environment. Relevant factors to be considered will include, but not limited to, did the individual view the environment as hostile; was it reasonable to view the environment as hostile; the nature of the conduct; how often the conduct occurred and how long it continued; age and sex of the complainant; whether the alleged harasser was in a position of power over the student or staff member subjected to the harassment; number of individuals involved; age of the alleged harasser;

where the harassment occurred; and other incidents of sexual harassment at the school involving the same or other students or staff.

Examples of sexual harassment may include, but not limited to, physical touching or graffiti of a sexual nature, displaying or distributing of sexually explicit drawings, pictures and written materials, sexual gestures or obscene jokes, touching oneself sexually or talking about one's sexuality in front of others or spreading rumors about or rating other students or others as to appearance, sexual activity or performance.

All complaints about behavior that may violate this policy shall be promptly investigated. Any student or employee who has knowledge of conduct in violation of this policy or feels he/she is a victim of sexual harassment must immediately report his/her concerns to the building principal, compliance officer or superintendent, who have overall responsibility for all investigations. A student may also report concerns to a teacher, counselor or school nurse, who will promptly notify the appropriate district official. The student and the student's parents or staff member who initiated the complaint shall be notified of the findings of the investigation and, if appropriate, that remedial action has been taken.

The initiation of a complaint in good faith about behavior that may violate this policy shall not adversely affect the education assignments or study environment of a student complainant or any terms or conditions of employment or work environment of the staff complainant. There shall be no retaliation by the district against any person who, in good faith, reports, files a complaint, or otherwise participates in an investigation or inquiry of sexual harassment.

It is the intent of the Board that appropriate corrective action will be taken by the district to stop the sexual harassment, prevent its recurrence and address negative consequences. Students in violation of this policy shall be subject to discipline up to and including expulsion and/or counseling or sexual harassment awareness training, as appropriate. The age and maturity of the student(s) involved and other relevant factors will be considered in determining appropriate action. Employees in violation of this policy shall be subject to discipline, up to and including dismissal and for additional sexual harassment awareness training, as appropriate. Other individuals whose behavior is found to be in violation of this policy shall be subject to appropriate sanctions as determined and imposed by the superintendent or Board.

Additionally, the district may report individuals in violation of this policy to law enforcement officials. Licensed staff and those participating in practicum programs, as specified by Oregon Administrative Rules, shall be reported to the Teacher Standards and Practices Commission.

The superintendent shall ensure appropriate periodic sexual harassment training awareness or information is provided to all supervisors, staff and students and that annually, the name and position of district officials responsible for accepting and managing sexual harassment complaints, business phone numbers, addresses or other necessary contact information is readily available. This policy as well as the complaint procedure will be made available to all students, parents of students and staff in the student handbooks. The district's policy shall be posted in all grade 6 through 12 schools. Such posting shall be by a sign of at least 8.5 by 11 inches.

Other Types of Harassment

Other types of harassment may include, but not limited to jokes stories, pictures or objects that are offensive, tend to alarm, annoy, abuse or demean certain protected individuals and groups.

Harassment by Board members, employees, parents, students, vendors, and others doing business with the district is prohibited. Employees whose behavior is found to be in violation of this policy will be subject to the investigation procedures which may result in discipline, up to and including dismissal. Other individuals whose behavior is found to be in violation of this policy will be subject to appropriate sanctions as determined and imposed by the superintendent or Board.

Administrators and supervisors are responsible for their conduct and for their employee's conduct and will be pro-active in making the district's policy known by staff and in taking other steps to stop harassment by subordinates when observed or brought to their attention, including warning or disciplining the offending employee.

The superintendent will establish a process of reporting for those employees experiencing or observing acts of harassment including sexual harassment. There will be no retaliation by the district against any person who, in good faith, reports harassment.
