Retirement of Staff

Employees who wish to retire from the district must submit a letter of that intent to the Board for official acceptance. To assist the district in its planning efforts, the letter should be submitted to the superintendent as early as possible, preferably at the beginning of the school year in which the retirement will take place. Acceptance by the Board must occur before the district submits the separation notice to PERS.

The superintendent will develop administrative regulations as may be necessary for district employees who retire, begin receiving benefits from the Public Employees Retirement System and request continued district employment.
