## Computer Technology

The Board is committed to the development and establishment of a quality, equitable and cost effective computer system. The system's primary purpose will be for the support of teaching and learning, and will be used to provide statewide, national and global communications opportunities for staff and students.

The superintendent will establish administrative regulations for the use of the computer system. The administrative regulations will be consistent with sound guidelines as may be provided by the Oregon Department of Education.

Failure to abide by district policy and administrative regulations governing use of the computer system may result in the suspension and/or revocation of system access. Additionally, student violations may result in discipline up to and including expulsion. Staff violations may also result in discipline up to and including dismissal. Fees, fines or other charges may also be imposed.
