Transcript Evaluation

The district recognizes the importance of transcript evaluation to determine the value of credits earned, number of years of school attendance and placement for students transferring to district schools from other public, private or alternative schools, including those who have been receiving home school instructions.

Transfer credits and attendance may be accepted or rejected at the discretion of the district consistent with Oregon Administrative Rules. Validation of credit may be required.

It is the policy of this district that the staff shall in evaluating student transcripts:

1. Accept credits and attendance completed in a standard Oregon school as if they had been earned in our own district;
2. For out-of-state transfer students accept units of credit/course of study and attendance completed/earned in a standard school as if the requirements had been completed in this state;
3. For students from private, alternative, nonstandard public schools or home-schooled students determine:
 - a. Value of credits after reviewing course content and instructional time;
 - b. The number of years of school attendance or equivalent through verification of hours/days of instruction.
4. Determine grade placement for elementary students.

The superintendent will develop administrative regulations to implement this policy.
