

Interdistrict Transfer of Resident Students

General Parent/Student Requests for Interdistrict Transfer (Requiring the consent of both districts)

The following procedure will govern consideration of a request by a student who resides within district boundaries and who is requesting district approval for a transfer to attend school in another district:

1. A parent will request the release of his/her student by completing the appropriate district form;
2. The completed form must be submitted to the district office;
3. The superintendent will grant or deny the request for release according to established Board policy criteria and notify the parent in writing of his/her decision within 15 calendar days;
4. If the release is granted by mutual consent of the resident and nonresident districts, the resident district will make necessary arrangements for the transfer of the student's education records;
5. The superintendent's decision is final.

Requests for Admission of a Nonresident Student (Open Enrollment – Requiring the consent of only the attending district)

A student who resides within district boundaries may make a request to attend school in another district that agrees to accept the student under Open Enrollment. Applications for Open Enrollment must be made between March 1 and April 1 of each year for the following school year. The agreement will be by written consent of the attending district only whereby the student becomes a "resident student" of the attending district, allowing the attending district to receive State School Funding. The student who resides within the district must complete the application process in the district in which the student wishes to attend.

Safe Public School Choice Transfer Requests

In the event a district school is identified by the Oregon Department of Education (ODE) as persistently dangerous, or a student has been a victim of a violent criminal offense while in or on the grounds of a school the student attends, and there is not another school in the district for the student to transfer to, the district may develop an agreement with a neighboring district to accept transfer students. The development of such agreements is at the discretion of the district. Transfer approval will be in accordance with established Board policy and administrative regulation.

Record Keeping

A file of all interdistrict transfer requests will be maintained at the district office.
