Community Contests

The school welcomes partnerships with organizations and agencies who desire to sponsor contests for students, when such activities can be integrated into the school program without disruption or without imposing an unreasonable added workload on teachers. All such contests must be consistent with the purposes and educational aims of the school. The school may not be used to promote private or commercial interests. Materials or activities initiated by private sources will be judged on grounds of their direct contribution to educational values, factual accuracy and good taste.
