## Promotion and Retention of Students\*\*

The Board is dedicated to total and continuous development of each student enrolled. The professional staff are expected to place students at the grade level best suited to them academically, socially and emotionally.

Students will normally progress annually from grade to grade. Exceptions may be made when, in the judgment of the professional staff, such exceptions are in the best educational interest of the students involved. Progress toward specified State Academic Standards and the ability of the student to perform successfully at the next level of instruction will be the criteria of most importance when considering these exceptions. Exceptions will always be made and extenuating circumstances will always be considered, after prior consultation notification and explanation to the student's parents, but the final decision will rest with school authorities.
