Temporary District Facilities

It is the goal of the Board to have sufficient permanent facilities to meet the needs of district enrollment and the district program. Rented facilities, relocatable units, and other emergency school housing may be inadequate for long term public school purposes.

If circumstances require immediate space which is not available in public school buildings, facilities will be rented and/or relocatable structures used only as a temporary measure.

Any such facility must conform to all appropriate state and local buildings and land use codes, health and fire laws, and environmental standards and provisions for accessibility and usability as required by the Americans with Disabilities Act.
