Orig. Code(s): IKE

Promotion and Retention of Students**

The Board is dedicated to the best total and continuous development of each student enrolled in school. The professional staff is expected to place students at the grade best suited to them academically, socially, and emotionally with the principal being responsible for the final decision.

Students who cannot demonstrate proficiency in each subject area or are most making adequate progress will be considered for retention. Teachers must notify the principal of these students, hold a conference with the parents, and make written recommendations to the principal regarding promotion/retention. The principal will make the final decision and inform the parents of his/her decision. If the parents are not in agreement, they may request a conference with the teacher and principal, signing a “release from responsibility” form requesting placement of their child’s with said form being placed in the student’s file.
