Relations with Law Enforcement Agencies

The Board recognizes that cooperation with law enforcement agencies is essential for the protection of staff and students, for maintaining a safe environment, and for safeguarding ESD property.

Law enforcement officials may enter WESD facilities if a crime has been committed on ESD property or to investigate matters concerning staff and students upon request initiated by either agency officials or by ESD administrators.

The Superintendent will develop administrative regulations to implement this policy, including procedures for handling investigations, interviewing students, administrator requests for assistance, and required referrals to law enforcement agencies.
