Selection of Architect

The Board may employ a licensed architect or structural engineer to design the plans of each proposed building, building addition, or extensive renovation.

In selecting architects, the following criteria will be considered:

1. Experience in school construction;
2. Evidence of relevant experience in the design and construction of facilities that provide appropriate accessibility and usability for persons with disabilities
3. Creative design ability;
4. Technical knowledge to control the design so that the best results are obtained for the least amount of money;
5. Executive and business ability to oversee the proper performance of contracts;
6. Proven ability in all of the major phases of planning and construction: predesign planning; schematic design, design development, bidding, construction;
7. Ability and temperament to work cooperatively with others; willingness to consult with staff on educational specifications;
8. Extent and experience or architectural staff in relation to the scope of the planned project.

The architect will be selected by the Board on the basis of the above criteria and will be employed under contract.
