Promotion and Retention of Students**

The Board is dedicated to total and continuous development of each student enrolled. The professional staff is expected to place students at the grade level best suited to them academically, socially and emotionally.

Students will normally progress annually from grade to grade. Exceptions may be made when, in the judgement of the professional staff, such exceptions are in the best educational interest of the students involved. Attendance, performance in classes (especially reading, mathematics, social science, and science) and performance on standardized tests, as well as other measures of student progress will be reviewed. Grades and work samples will be considered. Exceptions will always be made after prior notification and explanation to the student's parents, but the final decision will rest with school authorities.

The superintendent is responsible for developing administrative procedures to implement this policy.
