District policy does not recognize high school credit granted by public or private institutions that are not registered with the Oregon Department of Education. Students who transfer to Willamina High School from non-registered institutions may apply for credit-by-examinations privileges for any course(s) listed on their entering transcript(s) for which Willamina High School offers a corresponding course in the curriculum.

When the student successfully completes the course examination, notice of credit-by-examination will be entered on the student's Willamina High School transcript.

No waiver of credit requirements will be extended to transferring students.
