Immunization of Students**

No student will be allowed to enroll or continue in school attendance without first having presented evidence of compliance with Oregon Revised Statutes requiring immunization.

The building administrator/designee is authorized to exclude any student from school attendance for noncompliance with the statutes, and will notify the parent or guardian in writing of the reason for the exclusion, stating that the student will continue to be excluded until the student has complied with the requirements. The notice will also inform the parent or guardian that a hearing will be afforded upon request.

The policy is in effect for all students not exempted by religious or medical reasons.
