Safety Program

The district shall maintain a comprehensive safety program for all employees and students. Safe buildings, grounds, and equipment shall be maintained in order to prevent accidents or injury to health of students, employees, and other citizens from fire, natural disasters, mechanical and electrical malfunctions and other hazards.

Buildings shall be planned, equipped and maintained in accordance with appropriate local, state, and federal safety regulations.

Buildings shall be provided with alarm systems, fire extinguishers and such other devices as required by state and federal laws and regulations.

The superintendent shall have overall responsibility for the current comprehensive safety program, including the emergency plan. All staff shall be responsible to help maintain a safe and healthful environment. A district safety officer shall be appointed to monitor all parts of the safety program, implement policies and objectives, interpret regulations, and provide leadership and guidance to staff. A district safety committee shall be formed and shall operate in accordance with OR-OSHA rules.
