**Student Performances**

Instructors are encouraged to arrange for individual students and groups to provide public performances, in such areas as band, choir, drama, art, speech and vocational technical, when such performances contribute to educational process objectives, and when they do not interfere with other scheduled activities or classes within the school, as follows:

1. All performances involving students shall be approved by the principal;
2. The extended use of one particular group shall be discouraged;
3. Students participating in a performance shall conduct themselves in a way as to bring credit to their school;
4. Performances that are scheduled outside school hours are preferred. Performances during school hours should be limited, whenever possible, to the class period during which the activity is usually taught to that particular student or students.

Student groups may participate in district activities and with patriotic and civic groups in the community upon the approval of the principal. Proceeds given students for participating or performing in such activities shall be placed in student body accounts.
