Board Policy Implementation

Effective Date of Policies

All new or amended policies will become effective on the day after adoption by the Board, unless a specific date is included in the motion for adoption.

Policy Implementation

The superintendent and administrative staff will implement Board policies. The superintendent may formulate administrative regulations and procedures to assist policy implementation.

It will be the Board's duty to evaluate the effectiveness of the policy and the effectiveness of the administration's implementation of the policy.

Policy Dissemination

The written policies that govern the district will be maintained on the district website to be updated by district staff as new policies are developed or existing policies are revised or repealed.

Each Board member will be provided with a current policy manual if they do not have access to the district website.

Staff and public will have online access to the board policies. Each employee will be notified of the existence and availability of personnel policies. The Board's policies will be considered a public record. For those who cannot access board policies online, a policy manual will be open for inspection at the superintendent's office.
