

Dual Enrollment for Students Attending Another Public, Private or Home School

Students who qualify as legal residents of Yamhill Carlton School District shall be permitted to enter tuition-free any District school with dual enrollment in another public, private or home school as long as that public, private, or home school meets the requirements of ORS 339.030 and ORS 339.035. Dual enrollment shall be implemented by the superintendent and her or his staff and shall be subject to the following regulations:

1. A student must reside in School District 1, Yamhill County, Oregon, with his or her parents or with a person who has been determined by the district as having met the test of in loco parentis;"
2. A student must meet the statutory requirements of age for admission in the public schools of Oregon and School District 1;
3. A student is subject to the rules, regulations, and practices of the district and local school regarding registration, enrollment, placement, scheduling and participation during his or her association with the district. As with all students in the district, placement in a specific class is dependent upon the availability of space in that class. Unless the student is a new resident to the school district, enrollment will occur at the beginning of a term;
4. At the high school level a student must select his or her class or classes from the program schedule adopted for the school in the district and restrict his or her choices to courses not available in the private, public or home school in which he or she is primarily enrolled. Modifications of this program schedule to accommodate part-time enrollee requests will be made only when it can be done without detracting from the effectiveness of the district's program or exceeding the established budget. It is not always possible to inform parents of changes in the daily instructional schedule in advance, especially at the elementary level;
5. A student is subject to provisions of Oregon Revised Statutes concerning attendance during the time he or she is enrolled and the records of the district shall include this information. A student's accumulation of partially attended days shall be reported to the Oregon Department of Education in terms of equated full days;
6. A student shall receive grades and evaluation comparable to those recorded for all other students, and a grade report shall be made to the student and parents;
7. A student shall be provided textbooks for the courses in which he or she is enrolled when these textbooks are provided for regularly enrolled students. Textbooks provided without charge or rented through the district may be used only in programs of the district's schools;

8. All fees assessed on resident students shall be assessed to Public, Private, or Homeschool students attending District #1 classes. This assessment will be done on a prorated basis according to seat time;
9. A student shall have the same library privileges as regularly enrolled students but shall not be permitted to use library services of the district for a class of another public, private, or home school's program;
10. A student shall not be eligible for participation in school activities that are not a part of the classes in which he or she is enrolled;
11. A student shall not be eligible for participation in extracurricular activities including interscholastic activities unless that student meets one of the following criteria and all other requirements for participation;
12. Is currently enrolled in school as required by the Oregon School Activities Association (OSAA);
13. Is being home schooled under conditions established in Oregon Revised Statutes, Oregon Administrative Rules, and the district's administrative handbook;
14. Is currently enrolled in a private school that is a member of OSAA and has the consent of the private school principal, unless the student wishes to participate and that activity or team that limits the number of students who participate and that activity or team must cut a regularly enrolled student. A private school student may not participate in a district activity that is offered by the private school;
15. Both home schooled and private school students must reside in the attendance area of the school in whose activity they wish to participate;
16. A student shall be responsible for his or her own transportation;
17. A student shall be permitted to participate in the school lunch program if in attendance in a district school in a class that meets immediately preceding or following the scheduled lunch period.
