## Student Activities Fund Management

Student activity funds are those funds raised or collected by and for school-approved student groups, excluding those funds budgeted in the general fund.

Student activity funds will be collected and expended for the purpose of supporting the school's cocurricular activities program following these guidelines:

1. The building principal will be responsible for administering student activity funds;
2. The student business manager or treasurer of the student government organization will serve as a representative of that organization in administration of student activity funds.

All funds that belong to student organizations and classes are deposited in a special organizational bank account. All money received and disbursed follow approved accounting guidelines. All activity accounts are subject to the district audit and the rules and regulations outlined in the district's handbook, Student Activity Fund Accounting.
