Graduation Exercises

Because the Board believes that completion of the requirements for a diploma, a modified diploma, an extended diploma or alternative certificate from the public schools is an achievement that improves the community as well as the individual, the Board wished to recognize that achievement in a publicly celebrated graduation exercise and be active participants in such exercises.

Accordingly, appropriate graduation programs may be planned by the Senior Class on the date selected by the Board. All student speeches will be reviewed and approved in advance by the building principal or designee.

All students in good standing who have successfully completed the requirements for a senior high school diploma, a modified diploma or a certificate of attendance or achievement may participate in graduation exercises.

Students shall be notified 3 weeks (12 school days) before the date of commencement exercises whether or not they are eligible to participate in graduation ceremonies.
